

Encinitas Educational Foundation  
MISSION STATEMENT

**Encinitas Educational Foundation (EEF)** is a nonprofit, 501c(3) devoted to enriching the educational experience for K-6 students in the Encinitas Union School District (EUSD). Included are nine schools located in the surrounding coastal neighborhoods of Encinitas and South Carlsbad.

By connecting Parents, Alumni, Educators, Businesses, and the Community, EEF builds partnerships and fundraising opportunities to offset school district fiscal restraints.

In partnership with EUSD and our community, we prospect opportunities to share among all nine of our neighborhood campuses. The goal of the Foundation is to raise awareness and find support for the many programs (like Music, Science, Technology, World Language, Environmental Educational Studies, Wellness and Physical Education, Math and Science) offered to our students with our primary focus in creating World-Ready citizens.

**OUR MISSION**

To Partner with our Community and Raise Funds and Resources to Support the Students of Encinitas Union School District.
